- **We are Actively Recruiting to Expand our Membership of Public Agencies and Public Utilities, so Referrals are Encouraged & Welcomed**
- *Engineers and Architects from Private Sector Companies are welcomed each year to our Annual Technical Conference.*

## NYIEC: WHO WE ARE

- **We are a group of Leading Engineering & Architectural Professionals representing Public City, State & Federal Agencies and Authorities and Public Utilities**
- *Each Member Organization appoints a Delegate to the Council to conduct business and plan NYIEC programs & events throughout the year.*
- *One or more Alternate Delegates are appointed from each Member Organization, to participate and vote on NYIEC business and programming decisions if the Delegate can not be in attendance*

## NYIEC MISSION

### •Our Primary Mission:

- Promote interaction and cooperation between Public Agencies & Public Utility Organizations
  - Share/Exchange information of Common Interest
    - Promote Best Practices & Standards
  - Keep Abreast of Innovations In Engineering and Construction
    - Address Public Matters of Engineering and Design Concern
- Develop an Increased awareness of the Importance of Engineering & Design among Public, Elected Public Officials, Community Leaders and Others
  - Serve as a Resource to the Above Groups

## BENEFITS OF MEMBERSHIP

- **Membership Open to All Public Agencies & Utility Organizations**
- For a Small Annual Membership Fee, Member Organizations Reap the following Benefits at No Additional Cost:
  - Full Access to the network of Delegates from other Member Organizations
